Freedom and Opportunity...

It's what makes the United States of America a beacon for thousands across the globe.

For many, pursuing the American dream can end up becoming a long and difficult road full of challenges like language barriers or lack of access to jobs.

With your support, Hispanic Unity of Florida, Inc. (HUF) has made a difference for more than 35 years – from teaching English to teaching how our financial system works to helping residents become productive and engaged citizens.

“HUF’s services help complete the lives of immigrants in a better way than what was available to me and my family when we arrived to this country. My family didn’t have the opportunity to connect with an organization such as HUF, so as soon as I heard about it I wanted to assist in any way possible. I wanted to be a part of ensuring these opportunities are available to those that need it.”

Beatriz Miniaci

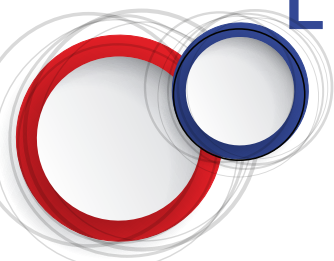

“I am a big fan of our Unity 4Teens program. Helping our youth during these developmental years in their lives is critical to their long-term success. Small victories, motivation, and academic success are contagious. Build their self-esteem, increase their confidence, and show them the art of what is possible as they become young adults and they will be great contributors to our community in the future.”

Hector Lima

“Helping people grow and pursue their dreams gives me great satisfaction. I wish people really understood the work that goes into serving over 15,000 people a year with limited resources. You guys keep volunteers and staff motivated to achieve the mission, keep doing what you’re doing! My mission is to leave this world a better place, I want to share the adventures of life with others.”
